Callum Finlayson, EPW Marine Manager

RE: Staff Recognition

Dear Buster:

Both Harvey Gulf and SEPCo wish to recognize your outstanding contributions to safe operations onboard your vessel during the month of January. You have played a significant part in both Harvey Gulf and SEPCO's efforts in ensuring no harm within our operations. This contribution was amply demonstrated in the part you played in recovering the FRB that was disabled during a recent drill at Ursa. Whilst safety of life at sea is paramount and we would expect nothing less, you demonstrated excellent leadership in ensuring the personnel involved were safely returned to the installation.

On behalf of SEPCo, we wish to thank you for your contributions to Goal Zero.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dan Flynn', is written over a white background.

Dan Flynn
EPW Logistics Manager
