HARVEY GULF NAMED SHIPOWNER OF THE YEAR IN LONDON

NEW ORLEANS (February 22, 2016) – In London, Harvey Gulf International Marine has been named Shipowner of the Year by the Offshore Support Journal, recognizing that Harvey, “above all other companies, has shown excellence in the operation of its ship(s) and has, in the past year, demonstrated an exemplary record of achievement in the management of one or more of business development and growth, of safety, quality, efficiency and environmental sustainability.”

Harvey Gulf also announced that it has signed 5-year charters for 2 more of its LNG-powered Offshore Supply Vessels. The charters will commence upon delivery of the HARVEY FREEDOM and HARVEY AMERICA, the 4th and 5th of Harvey’s 6 LNG-powered vessels. The charters come during one of the softest OSV markets in decades, demonstrating a clear advantage for clean burning LNG power.

Harvey Gulf’s CEO, Shane Guidry, commented “I am very honored to accept this prestigious award on behalf of Harvey Gulf. It is a testament to the hard work and dedication of all Harvey Gulf employees. It shows our company culture of putting safety first, paying attention to detail, and planning for the future needs of our industry and customers.”

Founded in 1955, Harvey Gulf International Marine is a marine transportation company that specializes in providing offshore supply and multi-purpose support vessels for deepwater operations in the U.S. Gulf of Mexico. For more information on Harvey Gulf, please visit www.harveygulf.com.
